

Summer Teaching Fellow

Position Description

What is Breakthrough Twin Cities?

Breakthrough Twin Cities supports students on their journey to college by fostering a community of mutual learning with the next generation of educators so they both can collaborate, grow, and thrive. BTC is an independent 501(c)(3) non-profit with three sites in the Twin Cities: Mounds Park Academy (MPA), Saint Paul Public site (SPP)*, and Chanhassen High School through Eastern Carver County Schools (ECC)*. Students in our middle school program attend three summers of academic enrichment, where they take classes in math, science, literature, & social studies and prepare for their six-year path to college with BTC. Students are taught by a diverse faculty of Teaching Fellows: college and high school students exploring the field of education with training and support from Breakthrough. Middle and high school students attend Saturday programming throughout the school year to continue building their skills, habits, and resumes to become successful high school students. Students matriculate into the College Bound program (grades 9-12) where they receive targeted support for each grade level.

The Experience

Breakthrough presents an extraordinary opportunity with its highly-rated Teaching Fellowship program, which takes place annually during the summer. This program requires a wholehearted commitment, with participants dedicating themselves to teaching and student support for the entirety of the summer program. The Teaching Fellowship is not merely a job; it becomes a way of life. It's a transformative experience that goes beyond the ordinary. It offers an unparalleled chance to leave a lasting impact on students and the world at large, making a real difference in the lives of young individuals and contributing to the betterment of society as a whole.

Responsibilities:

- Learn and apply lesson planning, classroom management, and instructional strategies to create engaging and effective lessons
- Receive and implement ongoing coaching and guidance from experienced educators
- Facilitate and participate in family conferences and team meetings to support student progress and development
- Teach core academic subjects such as math, science, social studies, and literature

- Collaborate with colleagues in a supportive and dynamic environment
- Work with a diverse group of students, staff, and teachers
- Seek and provide actionable feedback to enhance teaching and learning
- Develop and deliver presentations to enhance communication skills
- Refine time management and project planning abilities
- Teach an elective course based on personal expertise and student interests
- Participate in social-emotional learning initiatives to support students' holistic growth
- Supervise students in breakfast, lunch, passing time, yo-time, class time, arrival and dismissal and field trip settings
- Use restorative practices to foster community building and student engagement

Who are we looking for?

- College undergraduates or current juniors or seniors in high school (the last summer of eligibility is the one following your college graduation, so college seniors are eligible to apply)
- Have a demonstrated passion and talent for the subjects they study in school and a desire to share them with middle school students
- Crave the opportunity to try out teaching as a career (though you are not required to be an education major)
- Possess the maturity to engage in significant personal growth and self-reflection
- Are dependable and committed to the program
- Represent and respect all types of racial, ethnic, and socio-economic backgrounds
- Are motivated by a desire to impact the lives of our students for the better
- Do not have a teaching license when applying to teach in the program

Housing and Transportation

We have a limited amount of housing available for our applicants. To ensure that you have the best chance of securing housing, we highly encourage you to apply during the early action period. Those who apply early will have the opportunity to receive housing for free. If you apply during the regular action period, we will subsidize the cost up to 75% based on your financial need. If applying during the regular action period, we cannot guarantee housing availability. While we strive to assist our Teaching Fellows in coordinating transportation, it is important to note that BTC is not responsible for securing transportation.

Living Stipend and Education Awards:

Each Teaching Fellow will receive a **\$5,000** stipend to be used for living expenses. All returning Teaching Fellows will receive an additional **\$500**. Teaching Fellows placed in the Breakthrough Leaders Program (Grade 9) will receive an additional **\$400**. Applicants who are accepted into the program will become 2024 Summer AmeriCorps members *and* Breakthrough Teaching Fellows and will qualify for an education award upon successful completion of their service with Breakthrough Twin Cities. The award can be applied to qualifying expenses, such as payment directly to a college institution for tuition and fees.
