

DEAN OF STUDENTS POSITION DESCRIPTION

Organization Description

Breakthrough Twin Cities prepares under-resourced students for college success and cultivates the next generation of educators. BTC is an independent 501(c)(3) non-profit with two sites in the Twin Cities: Mounds Park Academy (MPA) and St. Paul Central High School in Saint Paul (SPC). Students in our middle school program attend three summers of academic enrichment, where they take classes in math, science, literature, & writing and prepare for their six-year path to college. Students are taught by a diverse faculty of Teaching Fellows: college and high school students exploring the field of education with training and support from Breakthrough. Middle school students attend Saturday programming throughout the school year to continue building their skills, habits, and resumes to become successful high school students. Students complete the program by working 1x1 with a college counselor in 11th and 12th grade, with 100% graduating from high school and getting accepted into college. Breakthrough Twin Cities is an Equal Opportunity Employer.
